Claudia Magee, Director, Strategic Development,
CalOptima

Background & Overview: Population Health & Transition to Value-Based Care Transformation Initiative

Initiative Design & Structure

- Program Design
- Goals and Objectives
- Timeline (Year One and Two)

Participation Overview

- Requirements & Expectations
- Funding Methodology

Next Steps

Q&A

Agenda

BACKGROUND AND OVERVIEW

Ryan Yamamoto, COO, Coalition of Orange County Community Health Centers

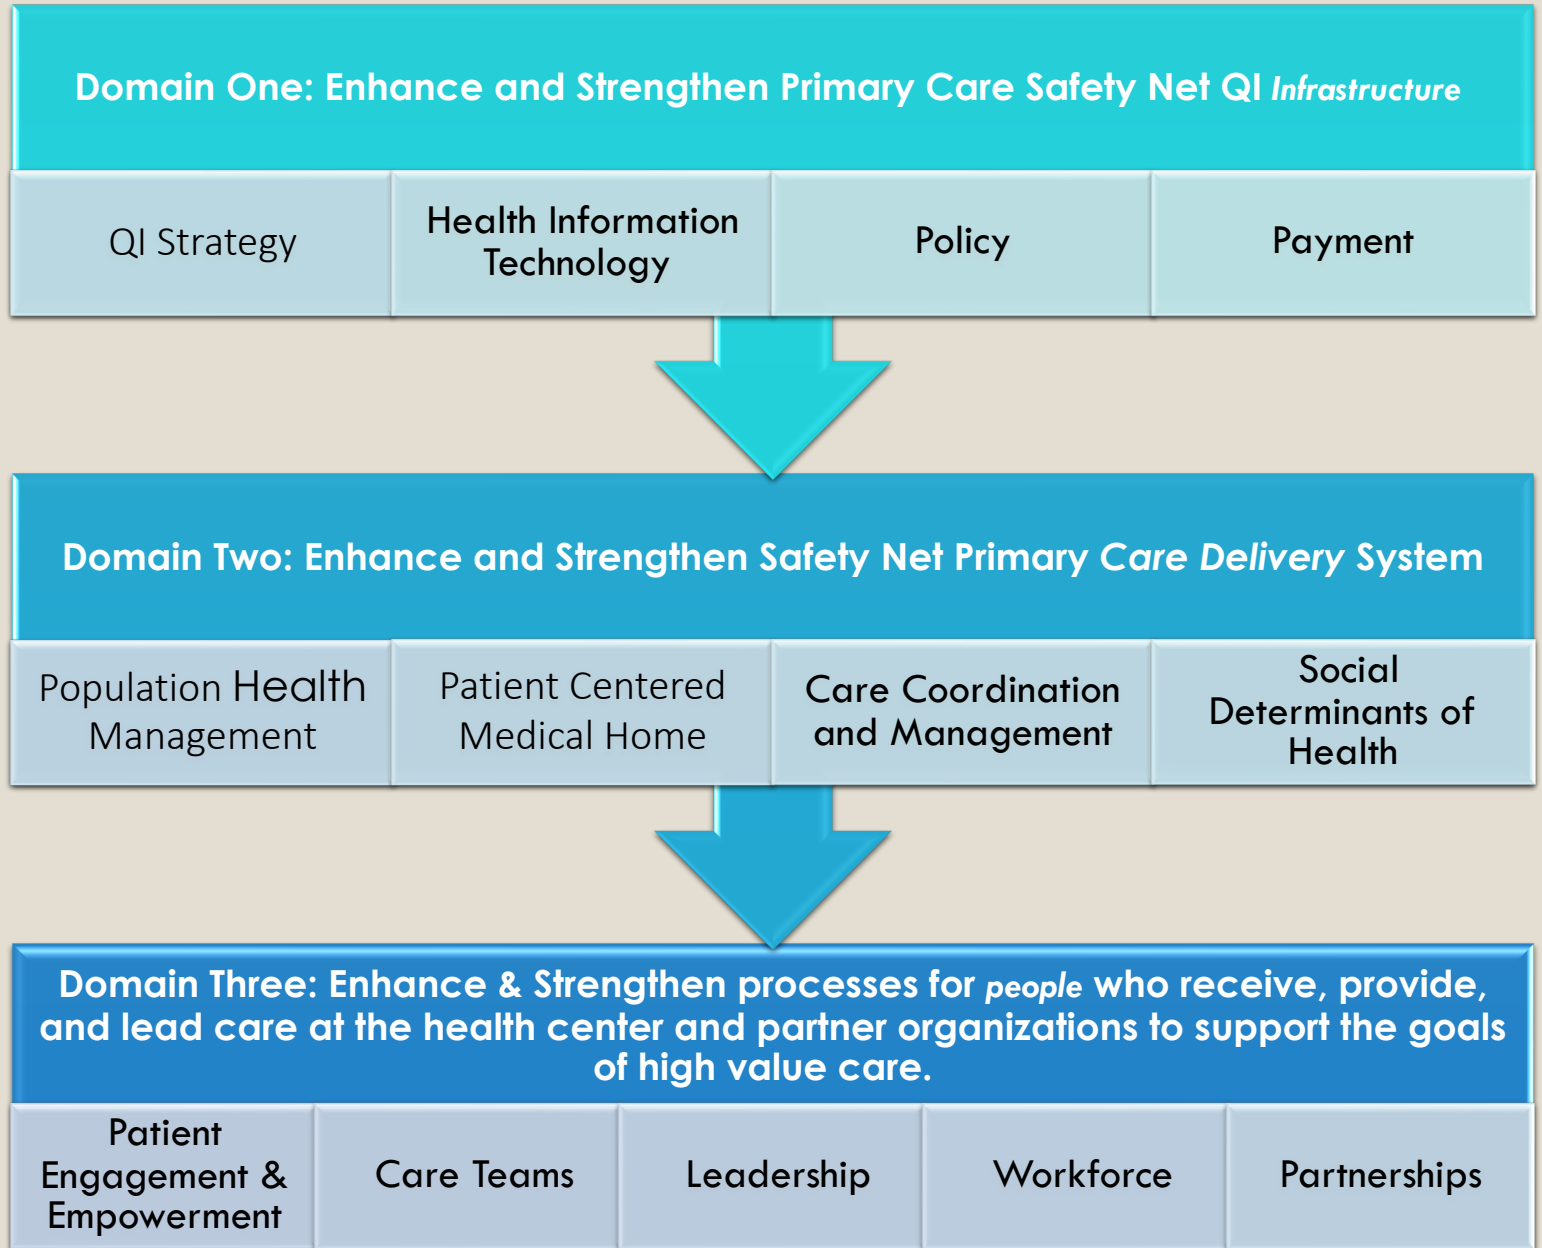

Population Health & Transition to Value-Based Care Transformation Framework

- **Anchored in the National Association of Community Health Center's Value Transformation Framework** – the Coalition proposes to take an actionable pathway to overall systems change that advances quality and value.
- This will be done through the following strategic focus with an emphasis on health equity:
 - System Level Capacity
 - Data Integration
 - Data Driven Decision Making
 - Implementation of Interventions

NACHC Value Transformation Framework

- **Led by** the Coalition
- **QI/systems change Initiative**, rooted in health equity and anchored in the NACHC Value Transformation framework.
- **Implementation of interventions that will lead to improved:**
 - Patient experience
 - Health outcomes
 - Staff/Provider experience

Implementation of Projects

INITIATIVE DESIGN AND STRUCTURE

Sonia Shah, Director of Programs, Coalition of Orange
County Community Health Centers

Program Design (2022-2027)

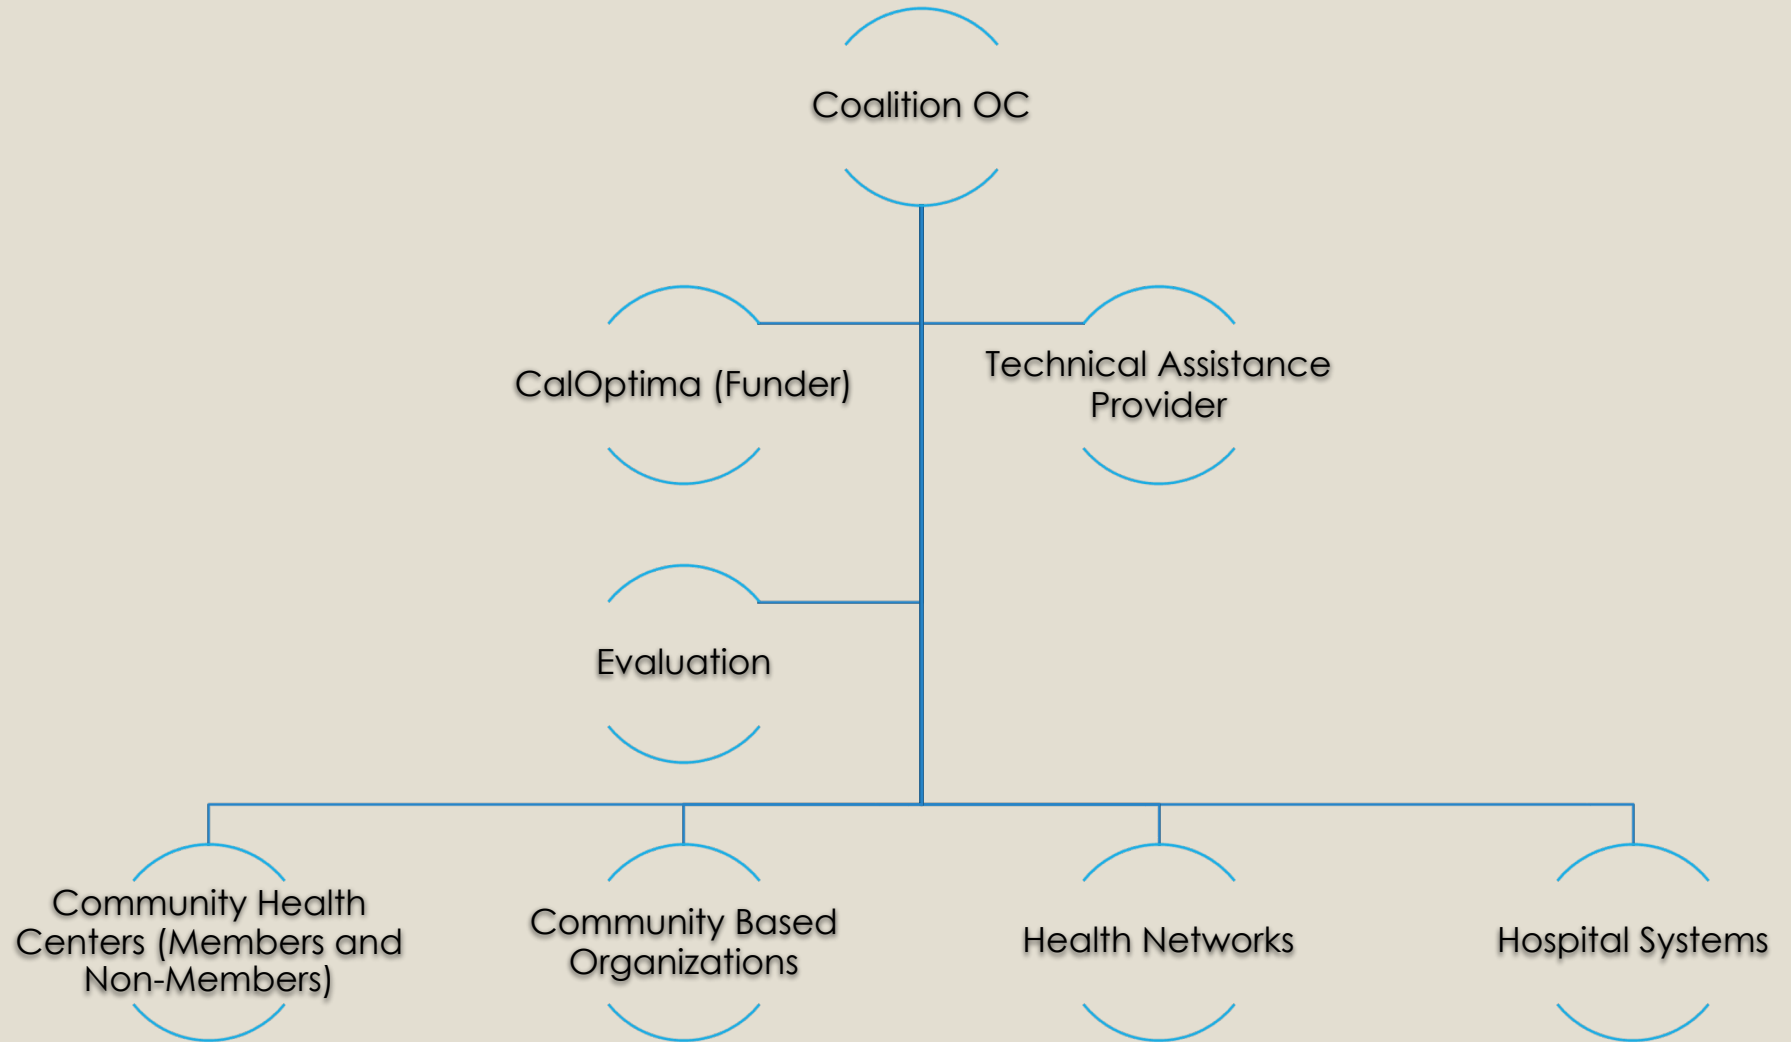

Planning Phase (6 months)

- Community health center team formation
- Conduct current state assessment
- Develop five-year implementation plans (per CHC)
 - Reviewed by Technical Assistance Provider/Coalition/Evaluation Team
- Create evaluation plan.

Implementation Phase (54 months)

- Coalition and CHC teams participate in capacity building sessions – with a focus on enhancing knowledge, skills, and other capabilities to address their identified needs.
- Technical Assistance Team and Coalition Staff – facilitate and support technical assistance needs as CHC's focus on QI efforts.
- Evaluation team coordinates collection of data, analysis and interpretation of data, monitors progress and identifies trends and themes and disseminate findings to inform implementation efforts.

Program Structure

Goals	Proposed Timeline
1. Introduce community health centers to CalOptima's five (5) year initiative; engage community health center participation; and put in place the infrastructure to support health centers with implementation and needed technical assistance and evaluation.	05/02/22-06/30/22
2. Understand current state of community health centers; assess readiness; identify and prioritize areas of opportunity; and develop plans outlining how each health center will address change areas from a given domain of the National Association of Community Health Centers (NACHC) Value Transformation framework.	07/02/22-12/31/22
3. Begin implementation of projects with participating community health centers based on designated domains and respective change areas. Domains include: <ul style="list-style-type: none"> • Enhance and strengthen primary care safety net quality infrastructure. • Enhance and strengthen safety net primary care delivery systems • Enhance and strengthen processes for people who receive, provide and lead care at health centers. 	01/02/23-06/30/23
4. To engage community health centers to participate in the Orange County Partners in Health – Health Information Exchange (OCPH-HIE) and data aggregation platform.	07/1/22-6/30/23

GOALS AND TIMELINE

PARTICIPATION REQUIREMENTS

Isabel Becerra, President & CEO

Community Health Center Participation Requirements

Organizational Activities

- **Sign and return MOU and BAA**
- **Complete and return year one budget** outlining how dollars will be spent.
- **Grant reports and invoice submission.**

Programmatic Activities

- **Participation** in readiness and current state assessment.
- **Identification and formation** of a clinic champion team (includes clinical providers, QI, IT/Data professionals; HR lead; etc.)
- **Leadership support** (e.g., dedicated staff and time per week to work on projects; necessary resources, etc.)
- **Planning Phase** (approximately six (6) months) and development of implementation plans
- **Site Visits**
